CAREERS: EQUINE INDUSTRY

Potential equine careers are discussed in two sections: direct and indirect involvement. Direct involvement explores hands-on activities with horses. Indirect involvement covers business, communications, and sales. Here top equine experts offer insight into careers in the industry, discussing educational requirements and daily responsibilities. Supplement included. 30 minutes, 2001. CEV

DVD Order Number: CEV400D\$99.00

HORSEMANSHIP HANDBOOK, 8E

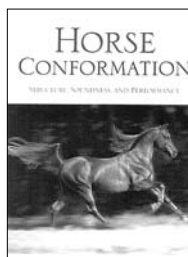

This exciting edition is designed to provide the theory, philosophy, and factual information important to students during the early stages of horseback riding. The intent of the material presented is to facilitate an understanding of and communication with the horse, to stress safety, and to supplement hands-on training. Includes clear, concise illustrations and drawings throughout and a glossary of equine terms. HOBAR

About the Author: Susan J. Stuska's career path has always included education, with an emphasis in teaching equine curriculum at the college level. She has also worked as a camp instructor, veterinary clinic technician, show-horse groom, and a guest ranch head wrangler. She now works as a wildlife biologist specializing in wild horses.

**BASIC COMPANION ANIMAL CARE**

Pets provide companionship, acceptance, and love, but they also require maintenance. The potential pet owner should look past the initial purchase price and think of a pet as a long-term commitment to ensure a healthy, happy pet. Proper vaccines, diet, exercise, grooming, and pet-proofing your home are discussed by qualified veterinarians and animal care specialists. Also discussed are annual check-ups, internal and external parasites, and traveling tips. 37 minutes. CEV

160 pages, 2004, softcover
Order Number: SP433-7.....\$18.95

COMPANION ANIMALS IN SOCIETY

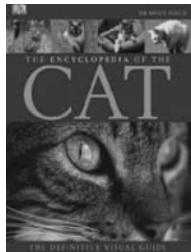

This text combines the current available knowledge on companion animal husbandry with an introduction to a variety of issues and how society currently copes with them. A substantial body of research has been developed to demonstrate how companion animals affect the physical and psychological health of people of all ages. Animal companions also help drive a forty billion dollar economy of food, toys, veterinary care, and other support services and products. The social issues that surround companion animals are complex and ever-evolving. Pet overpopulation and animal cruelty are examples of the many issues that cut across a range of disciplines and philosophies covered in this text. DELMAR

Text: 288 pages, 2008, hardcover
 Order Number: 1370-7\$98.95 each, \$79.16 (10 or more)

THE ENCYCLOPEDIA OF THE CAT

SWINE PRODUCTION: FIELD TRIP

Follow along a visit to the Texas division of National Hog Farms, whose state-of-the-art facilities house more than 17,000 sows, yielding 350,000 marketable pigs per year. Examine the three phases of production: breeding, farrowing and finishing. Then, watch how the hog farm takes care of housing, handling, disease control, ventilation, immunization and waste management. Be amazed by the numerous record-keeping procedures necessary for running an efficient swine production facility. A supplement is included. . 47 minutes. CEV

DVD Order Number: CEV220D.....\$85.00

EXCEL PORK PLANT: SLAUGHTER 

Tour EXCEL's Ottumwa, Iowa pork packing plant, where 12,500 hogs are efficiently and humanely slaughtered each day. At buying stations, hogs are sorted, counted, weighed, tattooed, washed, and rested. Pre-slaughter tasks include antemortem inspection by a USDA veterinarian, washing, and humane stunning with electricity. Slaughter processes include sticking and bleeding, dehairing, removal and processing of the head, evisceration of internal organs, carcass splitting, and chilling in a blast freezer at -40° F. Pork by-products such as blood, intestines, fat, and skin are turned into fertilizer, sausage casings, lard, and fried pork skins. Safety and quality control measures include extensive worker training, HACCP programs, on-site inspection by USDA and EXCEL personnel, and laboratory testing. Includes section quizzes and a final quiz. Supplement included. 37 minutes, 2000. CEV

DVD Order Number: CEV236D\$150.00

EXCEL PORK PLANT: FABRICATION 

Watch as pork carcasses are fabricated into primal cuts (ham, loin, Boston shoulder, picnic shoulder, and belly) and minor cuts (jowl, neck bones, spare ribs, clear plate, and fat back). See how trimmings and by-products are turned into ground meat products, lard, crackings, and bone meal. This tour includes cryo-vac shrink wrapping, safety and sanitation precautions, full-facility cleaning and sanitation, and laboratory testing. Numerous quality control and sanitation safeguards are taken by EXCEL personnel and USDA inspectors. Video quizzes are included. Supplement included. 39 minutes, 2000. CEV

DVD Order Number: CEV237D\$125.00

SWINE SLAUGHTER AND DRESSING 

This video allows viewers to witness the basic steps and equipment involved in the slaughter and dressing of swine. Detailed footage of stunning, sticking, scalding, dehairing, evisceration, head removal, and splitting is presented. Safety, sanitation, and USDA meat inspection are emphasized. 30 minutes, 1991. CEV

DVD Order Number: CEV282D\$59.00

PRACTICE SLAUGHTER HOG EVALUATION 

Video footage of 20 live slaughter hogs shows various angles of each hog, enhancing evaluation and scoring. Following each hog, a discussion of the final grade obtained from the estimation of last rib backfat thickness and degree of muscling is provided. 38 minutes, 1991. CEV

DVD Order Number: CEV429D\$49.00

PRACTICE SWINE JUDGING 

This video Includes three classes of crossbred barrows, one class of Duroc gilts, and one class of crossbred gilts. Walking, ham, side, and top views are shown of each animal with some views of pairs and the whole class. 43 minutes, 1988. CEV

DVD Order Number: CEV416D\$49.00

FITTING AND SHOWING MARKET SWINE 

This educational video addresses the following topics: equipment, washing, grooming, feeding at the show, and features clipping and showmanship. Join Roger Green, an agricultural science instructor with more than 20 years of teaching/coaching experience, as he advises feeders of breed and overall champion projects. 23 minutes, 1993. CEV

DVD Order Number: CEV210D\$75.00

MARKET SWINE EVALUATION 

This video discusses factors involved in the evaluation of market hogs. It provides hints for estimating carcass traits of slaughter hogs. and it explains equations used to derive the market value of a group of hogs in the pricing class. Ideas about ranking a group of slaughter hogs based on individual performance are given. Following each discussion live market hogs are presented for viewer evaluation. Carcasses and carcass data are shown for each of the 14 hogs presented. 41 minutes, 1991. CEV

DVD Order Number: CEV439D\$59.00

MARKET HOG EVALUATION 

Today, producers must provide a market hog composed of a maximum amount of muscle and a minimum amount of fat. Kim Brock, swine herd manager at Oklahoma State University, discusses market hog evaluation in four instructional sections: muscling, leanness, size and scale, and structural soundness. Provides quizzes and answers for each section, plus a ten question final quiz. A practice class of market hogs, discussion of official placing and cuts by Mr. Brock plus a set of collegiate oral reasons are also provided. Supplement included. 35 minutes, 1997. CEV

DVD Order Number: CEV472D\$99.00

PORK RETAIL CUTS IDENTIFICATION 

Relating major bones and wholesale cuts to retail cuts, this video utilizes a live hog, a skeleton, and a pork side to explain 45 fresh, smoked, cured, and variety pork retail cuts. Accepted industry names with helpful hints relating to location, major muscles and bones, cut size, shape, and exposed faces are provided along with recommended cooking methods for each cut. 27 minutes, 1998. CEV

DVD Order Number: CEV253D\$65.00

LIFE ON A PIG FARM

How do you keep a baby pig warm? Just ask Alisha, a young farmer who raises pigs for her 4-H club. She'll show you the excitement of welcoming piglets into the world, the hard work of feeding and raising them, and the thrill of showing pigs at the fair. LERNER
